

Newfoundland & Labrador

Newsletter April 2021

Message from the Regional Manager

Hello Brothers and Sisters,

Work opportunities are looking more promising with the provincial election behind us, vaccinations rolling out and the construction season upon us.

There was a significant announcement made by IOC about an increase in their capital works spending for 2021-2022 from 260 to 480 million. Hopefully this will generate more jobs for our membership.

The Paste Plant at Voisey's Bay was recently awarded to Black & McDonald and Pennecon. There are also several other contracts waiting to be awarded at the site.

Our Carpenters Millwrights College has resumed operations with stringent safety protocols in place. Members are encouraged to read the training schedule included in this newsletter and ensure your safety certificates are current.

Organizing continues to be a major focus as we work towards increasing our market share. Over the last four months we have formed partnerships with Grieg NL, Vermeren Scaffolding and Accoustique SM (ASM). There is also an application filed with the Labour Board. I want to recognize the hard work and dedication of our Organizers and VOs and thank each of them for their support. This concerted effort makes our union grow stronger.

Yours in solidarity,

Mike Williams
Mike Williams

SIB COMMITTEE UPDATE

Local 1009 Member, Cassandra Whalen was recently appointed Chair of the Sisters in the Brotherhood Committee. Female members interested in learning more about the Committee and becoming active members can contact the office for more information. A SIB Committee meeting will be scheduled in the near future.

UBC launched its **Say NO to Tax Fraud Campaign** this month to create awareness and help crackdown on tax fraud. Construction is the biggest contributor to Canada's underground economy. Shown in the pictures to the left are Atlantic Canada Regional Council Staff members from the Paradise, NL Office standing up with their message **"UBC Day of Action, Starts Here"**
